How would you like to be the Czar?

With President SHEA drawing \$60,000 a year by the blackmail route, it's no wonder that he wants the Chicago teamsters strike to go on.

Wonder if any part of the \$10,000,000 which JOHN D. ROCKEFELLER has just given for "higher education," is to be used for teaching a fellow how to strike oil?

A COVINGTON woman had one of her fingers shot away by a Flobert rifle which she was hanging up in her home. Moral—Always hang a Flobert rifle in the river, and hang the owner on a hickory limb.

The actual deficit in Uncle Sam's financial affairs for the past fiscal year was \$24,000,000. Congress must do one of two things—provide more revenue, or spend less money for useless employes and sich.

The Board of Aldermen of Covington has resolved that that city is a "bigger man" than the state of Kentucky, and has ordered the National Banks to pay city taxes independent of the recently enacted state law.

When the war began between Russia and Japan, military "experts" sized up their respective armies and navies, with the expert opinions largely in favor of Russia. But the estimators failed to take into account the men behind the guns.

The Republicans of Ohio ought to circulate LINCOLN STEFFENS's magazine article as a Democratic campaign document. That's what it was written for. If scattered all over the state, it would elect the Republican ticket by 75,000 majority.

CINCINNATI may not be "the worst governed city in the world," as one "Windy" STEFFENS asserts; but certainly she can present the most unique thief on record. BUD CARNEAL has just been given two years in the Pen. for stealing the furnace doors and grate bars from the City Crematory.

While WILLIAM EBENSCHREIGER was riding on a Cincinnati, Georgetown and Portsmouth car a few days ago, WILLIAM went to sleep and the balance of his name fell off, landing on its head and fracturing the skull. A damage suit will probably follow, just to teach the Railway Company that it must provide safe sleeping apartments for drowsy patrons.

In spite of the fact that half a dozen surgeons had declared that he could not possibly live, and that if by any chance he did live he would be a helpless cripple, JOSEPH YOKEY has walked out of the Cincinnati Hospital a well and hearty man. YOKEY was some time ago caught in the shafting of a manufacturing plant and was whirled around a great wheel. His skull was fractured and many of his bones were broken, but he simply refused to die—or become even a cripple.

AMENDED SCRIPTURE.

Louisville Times.

Boy born of woman is of few days and full of trouble. He rises up on the morning of the Fourth of July with two arms, two legs, the same number of eyes and an ambition to make a great noise. He comes home on two legs, one leg, or on a stretcher.

CUTICURA

Soap, Ointment and Pills
the World's Greatest
Skin Cures.

PRICE THE SET \$1

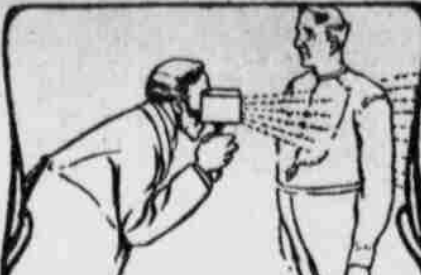

Complete Treatment for Every
Humour, from Pimples
to Scrofula.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum; all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

The grandest testimonial that can be offered the Cuticura remedies is their world-wide sale, due to the personal recommendations of those who have used them. From a small beginning in the simplest form, against prejudice and opposition, against monied hosts, countless rivals, and trade indifference, Cuticura remedies have become the greatest curatives of their time, and, in fact, of all time, for nowhere in the history of medicine is to be found another approaching them in popularity and sale. In every clime and with every people they have met with the same reception. The confines of the earth are the only limits to their growth. They have conquered the world.

Sold throughout the world. Cuticura Remedies, etc. (in form of) Cuticura Cream, Pills, etc. per retail of 50¢. Cuticura, Soap, Ointment, etc. per retail of 25¢. CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

QThe aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

QThere is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Roscoe's German Syrup, which is made to cure consumption.

QIt is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

QBut no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

The Wharfmaster reported net collections for the past month \$89.87.

The report of the City Treasurer totals as below:

Balance	\$ 418.61
Receipts	8,831.67
Total	\$ 9,250.28
Expenditures	2,674.58
Balance on hand	\$ 6,575.70

The report of the Claims and Accounts Committee was as follows:

Aims and Almshouse	\$ 252.05

The Mayor reported that he had collected during the past month \$39.90 for licenses issued.

The White School Fund received during the past month \$170.70; the Colored School Fund \$2.85; total \$173.55.

City expenditures for the past quarter amounted to \$9,133.07.

The saloon license of Charles H. Bland, 105 Market street, was transferred to Bland & Wells.

The tax list and franchise tax for 1905 amounts to \$37,545.30, and the same is now in the hands of Treasurer Fitzgerald for collection.

The following permits were granted—Frank Devine, one-story frame room 14x14 in Second between Bridge and Bank streets. James Downey, one-story cold-storage building and a frame stable in Limestone street between Front and Second.

A petition, numerously signed by residents in Third street West of Sutton, was read praying for needed street improvements in that part of the city, and the discontinuance of spreading on the thoroughfare the filth and dirt taken from the sewer now being cleaned. The communication was referred to the Internal Improvement Committee with instruction to abate the nuisance.

The sum of \$395 was refunded the Redmes, the same being license charges during Powwow week.

Claims and accounts amounting to \$4,795.55 were allowed, and orders drawn on the City Treasurer for same.

Residents in Forest avenue between Lexington and Union streets presented a petition that they be granted water privileges. The matter was placed in the hands of the Water Committee with instructions to ascertain if there were a sufficient number to produce the required 6% on cost of putting in the service and report same at next Council meeting.

The Mayor was instructed to pay \$75 for the Wallingford ground and have deed to same recorded.

In regard to the Chester street sewer, the matter was placed in the hands of the Internal Improvement Committee with instructions to ascertain the probable amount residents along the line would subscribe for the improvement and have City Engineer Hord survey the routes, ascertain probable cost of construction and report same to Council.

The fire companies, with the exception of the Neptune, were allowed their annual salaries of \$400.

The Mayor was authorized to issue seven emergency bonds—\$3,500—for current expenses.

The gutter question caused an animated and weary debate and the reading of much law. As it is understood, hereafter the property owners are to be assessed the cost of constructing gutters fronting their property, the same as is charged in putting down a pavement. So reads the charter and city ordinance as well.

The Chief of Police was instructed to notify the property owners in Second, where the street is now being repaired, that they will be expected to pay for the guttering now being laid in front of their property.

A vote of thanks was returned Mr. Frank Devine for valuable assistance rendered in a city transaction.

An ordinance in regard to minors entering and loitering about saloons was read and adopted.

A petition from the merchants along Second street was read. It was a "kick" about the bad condition of the street. They wanted it improved and quickly at that. The matter was referred to the Internal Improvement Committee with power to act.

The grass question seems to be a crying evil. Several members asked to have it eliminated from that part of the city in which they reside. Even Second street has signboards warning pedestrians to keep off the grass.

Police Judge John L. Whitaker asked and was granted a two weeks vacation.
